

Summer Donna "Something's In The Wind"

Visit "[Something's In The Wind](#)" on MotoLyrics.com

Lately you've changed
Acting so strange
If something's wrong
Don't drag it on
'Cause each time I phone
You're never home
Each time we meet out on the street
You hardly speak
Ooh baby something's in the wind
Ooh baby are we near the end
I know baby something's in the wind
So why pretend
Ooh baby something's in the wind
Ooh baby tell me what it is
Something baby is blowing in the wind
Out in the wind
Nothing has changed
That's what you say
So how come each date
You turn up late
You say I'm wrong
Your love's still strong
So how come each kiss
Means less and less
Seems less and less
Ooh baby something's in the wind
Ooh baby are we near the end
I know baby something's in the wind
So why pretend
Ooh baby something's in the wind
Ooh baby tell me what it is
Something baby is blowing in the wind
Out in the wind
