Father dear, don't you hear me  
I'm alone and I can't sleep for crying  
Father dear, if you hear me  
I've been held closely by a stranger

Chorus:  
Sweet romance  
the moment that my eyes first saw  
him  
in a glance  
I knew right right from the start that I  
adored him  
Sweet romance  
I may never see that man again help  
me find him

Listen, if you find him  
won't you tell him just how much I  
love him  
Father, I've only got you  
please won't you make him love me  
too

Chorus

Father, can you hear me  
you're the only one I can turn to  
my life's been so empty  
and he could fill the emptiness around me Chorus
