I was walkin', down the street
I was lookin' to someone who was standing
there
and didn't seem to really care
I was lookin' out the window
I was hopin' that the sun would show
didn't know, didn't know

Chorus:

I was thinkin' bout him, thinkin' about my
baby
thinkin' bout him, thinkin' about my baby
thinkin' bout him, thinkin' about my baby
yeah...

I was searchin', for summer day
I was hopin', for someone to say
Would you come out? instead I stood and
I pout

I was wantin', just another chance
to make you, feel my fine romance
didn't know, want to go

Chorus

Want my baby, lookin' for him high and the
love yeah
want my baby, he's the only way to fly I
know, yeah

I was searchin' for another day
I was hopin', just to see your smilin' face,
your smilin' face

Chorus
