Walk on  
Keep on walking and don't look back  
You gotta keep on down the track  
The future's yours to shape and mold  
The past is past beyond control  
So walk on  
Walk on  
Baby walk on  
Walk on  
Walk on

You gotta struggle up them hills  
To realize the downward thrills  
When night confuses where you are  
Then just look up at that guiding star  
So walk on  
Walk on  
Baby walk on

Baby baby let me walk with you (walk on)  
Baby baby let me walk (walk on)

The wind may blow the sky may fall  
But if you're strong you'll go through it all  
And just as long as your aim is true  
There'll come a day your goal's in view  
So come on

Baby baby let me walk with you  
Baby baby let me walk

Keep on moving  
Keep on grooving

And when you reach where you belong  
You'll find it's where you first started from  
And through it all you're still the same  
You swear it's them not you who's changed

So walk on walk on walk on  
Keep on moving

Just Keep on moving yeah Better keep on moving yeah
