She's screaming on the inside,
but all he hears is his own lust.
She wants someone to confide in,
but all she gets are her needs hushed.

You don't have to explain this to me,
'cause I know it all too well.
He's keeping hearts and he's breaking secrets
...oh what a story to tell.

Through countless days and endless nights,
she thinks of what she wants to be.
And through her own ambition height
comes oppression and fallen dreams.
Through every thought and dream erased
comes someone stronger than her own.

Another person's fate is faced
...her living drive dry as a bone.
