If I had my way
I'd grow wings to fly
High above these hills
Across a scarlett sky
And I would circle you
Like a bird of prey
I would capture you
If I had my way
If I had my way
I would cast a spell
And you'd reveal to me
The truth you hide so well
No more clever lines
To keep my love at bay
You'd surrender all
If I had my way
Is there no relief
For this tortured heart
Though I touch your face
We're still worlds apart
If it could cleanse my soul
I would walk through fire
To be free at last
Of this strange desire...
Is there no relief
For this tortured heart
Though I touch your face
We're still worlds apart
If it could cleanse my soul
I would walk through fire
To be free at last
Of this strange desire...
If I had my way
You would come to me
No more masquerades
And no more mysteries
I would hold you close
Into the light of day
I'd be lovin' you
If I had my way
I'd be lovin' you

If I had my way...
I'd be lovin' you
If I had my way...
