I feel like I've lost  
I'm spinning out of time  
And I'm so confused

You've given me so much  
Of the finest things  
A golden crown  
The special ring

But if you care about me  
You'd see I have to be free  
If you care about me  
You would let me go

I am so afraid  
Of losing your love  
And that gentle smile

I'm destiny's child  
Floating the waves  
I drift to sea  
I drift away

If you care about me  
You'd see I'd have to be free  
If you care about me  
You would let me go
