I never expected it to feel like this
Because first dates, they usually don't
But I felt connected from the moment you walked in
It's like you're someone I've always known
And I could sit here and talk to you all night long
Because you're so easy going, conversation's flowing
Something's growing here in this heart of mine
And I'm feeling dizzy, a little weak-kneed
When you're with me
And I don't know if I can explain it
Oh, it's kinda cool, ain't it?
Now I'm not trying to move too fast
I've always heard it's best when you take it slow
But boy, I'm dying to take you by the hand
And dance with you all night right here on the patio
I guess I just feel the need to hold you close
Because you're so easy going, conversation's flowing
Something's growing here in this heart of mine
And I'm feeling dizzy, a little weak-kneed
When you're with me
And I don't know if I can explain it
Oh, it's kinda cool, ain't it?
Boy you look like I just read your mind
I know how you feel because I've been feeling it all
night
Because you're so easy going, conversation's flowing
Something's growing here in this heart of mine
And I'm feeling dizzy, a little weak-kneed
When you're with me
And I don't know if I can explain it
It's kinda cool, ain't it?
