"Impossible"

It's impossible
For a plain yellow pumpkin to become a golden
carriage
Impossible
For a plain country bumpkin and a prince to join in
marriage
And four white mice will never become white horses
Such fall'deral and fiddleidy of coarses
Impossible

But this world is full of zanny's and fools
Who don't beleive in sensible rules
And who won't beleive what sensible people say
But such dilly and daffy, doie, "I don't"s
Keep building up impossible hopes
Impossible!
Things are happening everyday.
