One night not long ago
I fell for you
Too easy to let go
She was one from your past
One of the few
You said it didn't last
Now Romeo you know I can't believe
Your tongue would slip so easily
I know you think I oughta let it be
But get it right
Next time
That's the end of me

Chorus:
My name is not Susan
So watch what you say
If you still need her
Then be on your way
Don't wanna hear about Susan
She got nothin' on me
So show some respect
For the love you receive
My name is not Susan
No, no, no, no, no get it right

Last night you were asleep
Deep in a dream
I heard you call her name
Then you turned to embrace
I froze in place
Never to be the same

Now Romeo you know I never knew
My heart would bust so easily
I know you think I oughta let it go
But get it right
Next time
Say good-bye to me boy

Repeat Chorus 2X

I never wanna be the girly
That you call one and only
You know the kind of girly
That you would call when you get lonely
I never should have let you in
A damn shame
Forgot my name
Well anyway

Repeat Chorus

My name ain't susan (better get it right)
My name ain't susan
My name ain't susan...
