VERSE 1: Sung by Bobby

I know I may have made mistakes before

But now I understand what those mistakes were for

Throughout my travels girl I realized

What you see, what you get don't always coincide

A bird in the hand beats two in a bush

But just one look was all it took

Could it be that we're the only ones thinking of

Harmony, ecstasy, there's something about this love

CHORUS: Bobby sings indented lines on the first chorus

We, we have something in common

Girl (Boy) you mean so much to me it should be plain to see that we...

We have something in common

It's the way we feel about each other when we're together

VERSE 2: Sung by Whitney

Now I'm the type of girl who understands my man

I'll be strong when he's weak, I will hold his hand

Now I believe old fashioned rules and old fashioned ways

Courtesy, honesty, like in the old days

You're my man and I'm your girl

There's nothing better in this whole wide world

I'll stand by your side till the very end

All in all, best of love, we are friends

CHORUS: with Whitney singing indented lines (see above)

BRIDGE:

Bobby: Girl you know it's you that I adore

Whitney: And there's no one in this world that I love more
