Hoo ooh
Hah ah
I found out what Ive been missing
Always on the run
Ive been looking for someone
Now youre here like youve been before
And you know just what I need
It took some time for me to see
That
Chorus:
You give good love to me
To me baby
So good take this heart into your hands
You give good love to me
Never too much will never be
Baby you give good love

Never stopping, I was always searching
For that perfect love
The kind that girls like me dream of
Now youre here like youve been before
And you know just what I need
It took some time for me to see that

Chorus:

Never, cant stop looking around
Its not what this loves all about
Our love is here to stay, to stay
Baby, You give good love

Repeat Chorus:

You give good love baby
You give good love darling
You give you give baby
You give good love honey
