Let me set it straight
I've done some shit
And maybe I ain't too proud of it
The monster in your bed
You were beggin' me 'please don't stop'
Said that I'm a douche bag
Won't call back
The worst hangover you've ever had
Felt so good at first
You knew that it could never last

Wanna wash the dirt off my hands
Wanna get this all off my chest
But I'm no good at saying sorry

Oh oh

I didn't mean to fuck you over
I just wanna have some fun
We can rock the world tonight
But no it doesn't have to be love

I didn't wanna hurt nobody
I'ma throw my white flag up
We can rock the world tonight
But no it doesn't have to be love

La la la la la la la
La la la la la la la
Oh oh oh oh
It doesn't have to be love

Climbing out your window
Gypsy fade
Just another typical Saturday
Wrong name, my mistake
I didn't mean to break your heart
We were on a joy ride
Bonnie and Clyde
Never ever been so satisfied
Heart beats, blinding lights

Yeah you kept me up all night

Oh oh

I didn't mean to fuck you over
I just wanna have some fun
We can rock the world tonight
But no it doesn't have to be love

I didn't wanna hurt nobody
I'ma throw my white flag up
We can rock the world tonight
But no it doesn't have to be love

La la la la la la la
La la la la la la la
Oh oh oh oh
It doesn't have to be love

La la la la la la la
La la la la la la la
Oh oh oh oh
It doesn't have to be love

You may never wanna see me again
Go on and tell all your friends
That I'm no good, I'm no good
Don't wanna put up a fight
I've had the time of my life
And I'm no good at saying sorry

Oh oh

I didn't mean to fuck you over
I just wanna have some fun
We can rock the world tonight
But no it doesn't have to be love

I didn't wanna hurt nobody
I'ma throw my white flag up
We can rock the world tonight
But no it doesn't have to be love

La la la la la la la
La la la la la la la
Oh oh oh oh
It doesn't have to be love

La la la la la la la
La la la la la la la
Oh oh oh oh

It doesn't have to be love

I didn't mean to fuck you
I didn't mean to fuck you over

It doesn't have to be love
