I was at an all time low
The night you walked in
You were just close enough to smell
The whiskey on my breath
And I didn't know why
You were alone
But you ain't leavin' that way
I threw back one more drink
Before I asked for your name
And I said hey, hey,
Why you actin' so sorry
Hey, hey, who put that look on your face

I don't wanna leave this bar
Until I get your number
And if I'm being honest
I can't wait to get you home
But I'm not like the others,
I'll check the morning after
I won't go droppin' your
Heart on the floor
Come on ooh ooh
Just give me what I want
Ooh ooh don't drop
My heart on the floor

Starin' at the lipstick stain
On your second glass of wine
I told you since I bought it
I suppose those lips are mine
You didn't laugh, you brought up the past
Said I've been hurt before
Just about enough to know that I can't take it no more

I don't wanna leave this bar
Until I get your number
And if I'm being honest
I can't wait to get you home
But I'm not like the others,
I'll check the morning after
I won't go droppin' your

Heart on the floor
Come on ooh ooh
Just give me what I want
Ooh ooh don't drop
My heart on the floor

Don't over think what you want
You've got the right to move on
From this bar to my door
Come on let that dress hit the floor
We've got the rest of our lives
Let me take you for a ride
Somewhere you've never been before
You'll be screamin'

I don't wanna leave this bar
Until I get your number
And if I'm being honest
I can't wait to get you home
But I'm not like the others,
I'll check the morning after
I won't go droppin' your
Heart on the floor
Come on ooh ooh
Just give me what I want
Ooh ooh don't drop
My heart on the floor
