This could be the end of my endless summer
Searching for love but I couldn't find her. No.
Where did all the good girls go?
This boardwalk haunt me forever
Watching all the love birds fly together. No
Where did all the good girls go?

Where are you? My wild and innocent. You.
If you fall I fall too.

I'd jump from the top of the highest mountain
Dive in first til my love is drowning
In your arms right where I belong
I swear I'd stop this Ferris wheel
Climb to the top and steal away your heart.
Girl I will promise you this, if you'd be my last first kiss

Never believed in love at first sight
But there you were with your cotton candy eyes.
Where you'd been my whole life?
So I walked up to you with a plastic ring
Said drop everything and marry me tonight.
I've been waiting my whole life.

Saw you, my wild and innocent. You.
If you fall I fall too.

I'd jump from the top of the highest mountain
Dive in first til my love is drowning
In your arms right where I belong
I swear I'd stop this ferris wheel
Climb to the top and steal away your heart.
Girl I will promise you this, if you'd be my last first kiss.

Sometimes our world is upside down.
But love comes around.

Jump from the top of the highest mountain
Dive in first til your love is drowning
In my arms right where you belong
I swear I'd stop this ferris wheel

Climb to the top and steal away your heart.

Girl I will promise you this, if you'd be my last first
(kiss)

I'd jump from the top of the highest mountain

Dive in first til my love is drowning

In your arms right where I belong

I swear I'd stop this ferris wheel

Climb to the top and steal away your heart.

Girl I will promise you this, if you'd be my last first kiss.

My last first kiss.
