When the drinks come marchin' in, guess we blew
resolution
The evidence of last night, scattered on the floor
We caffeinate our blood, talk religion and our families,
Graduate then separate, throw our caps into the air

Now is 3 o'clock in the morning, and you're crying on
the curb?
If you can never scrape your knees, how you ever
gonna learn
Never said that life was easy, but we're gonna make it
work.

Chorus:
When you'll need me I'll be there,
A friend in the eye of the storm
And when all the lights burn out
I'll carry you out of the dark,
I'm come to your rescue
Oh you, oh you, oh you, oh you

You remember when we used to swing from street
lights,
Chasing New York minutes on pacific time
If I didn't believe in you, why the hell am I still here
Like an hourglass we're lost in, even after all these
years.

Chorus:
When you'll need me I'll be there,
A friend in the eye of the storm
And when all the lights burn out
I'll carry you out of the dark,
I'm come to your rescue
Oh you, oh you, oh you, oh you

With your ups and downs, spin you round and round
again
If you dizzy now, if the world is caving in
I'll come to your rescue
Oh you, oh you, oh you, oh you

Come to your rescue.

[Chorus:]

And one day the sky so clear, nothing to worry no fear

Oh you, oh you, oh you, oh you

Oh you, oh you, oh you, oh you
