I've been staying awake in the front seat for days  
Let the wheel turn and take me away  
Oh, the truth I must tell  
Is I'm lonely as hell  
Still looking for myself

It rains all day when you're not around  
And I'm trying my best to come clean with the clouds  
They follow me around  
I'll dance 'till the rain comes down

Stuck in the sand with the waves at my feet  
And I wish you'd come crash into me  
'Cause where you are is where I wanna be now  
Where are you now?

And I know I'm not perfect but what the hell  
Do you think of me now?  
Do you think of me now?

They say that love is for the patient  
Gotta plan for being restless for now

Hope I'm more than a cheap trick you played on  
yourself  
But I do it so well  
Yeah, I'm doing so well

They follow me around  
I'll dance 'till the rain comes down

Stuck in the sand with the waves at my feet  
And I wish you'd come crash into me  
'Cause where you are is where I wanna be now  
Where are you now?

But when I leave  
She walks and she talks and she stirs my feet  
Like she's sleeping next to me

It doesn't matter where we are  
It doesn't matter where we are

It doesn't matter if we're states apart  
She loves me
