Carpe Diem  
You're a Waste of Time  
You're nothing but a Waste!

There isn't Time enough for this

Time keeps moving as Life keeps stopping  
Some days you're up then other days your down  
But you're still high when you're upon your Cloud

Time keeps moving as Life keeps stopping  
The days go on as the Moon goes down  
Just as planned, just as we found

Time keeps moving as Life keeps stopping  
Some days you're up then other days your Face down  
In the dirt  
Its Carpe Diem sieze the day and now you're just a  
Waste!
