I've had enough of forever being told what to say and  
do

I've had enough

I've had enough being always pushed around by the  
likes of you

I'm making some plans of my own now

And you know what you can do

I'm so tired

Tired of the man giving me such a hard, hard time

I'm so tired

You make a man work so hard every day,

Don't you know it's a crime

Always got to hit the deadline

When will I ever get some peace of mind

I'll find a girl that's rich and pretty

I'll get myself the key to the big city

Find a way to make some money

Move into the land of milk and honey

Everything's sweet and life's a treat

Feel the heat on easy street

I'm movin' on

Movin' on to a place that I see all the time in my dreams

I'm movin' on

Gone, gone, gone from the misery

I've taken all that I can now

Gonna take my time on easy street

I'll find a girl that's rich and pretty

Get myself the key to the big city

Find a way to make some money

Move into the land of milk and honey

Everything's sweet and life's a treat

Feel the heat on easy street

I've found a girl that's rich and pretty

Got myself the key to the big city

Found a way to make some money

Moved into the land of milk and honey

Everything's sweet and life's a treat  
Feel the heat on easy street
