I've got rocket for your parade
Heavy breathing for you made in the shade
I've got an itch that just won't quit
I see in that dress that just don't fit
I see you walking with that twobit boy
I see you laughing but I'm no toy

Chorus

I know what you do every night every night
I know what you do when you turn out the light
I see what you do every night every night
And I want you to do it to me

You learned that jive on MTV
That mumbo jumbo just don't work on me
Slam bang baby ala kazam
Don't disrespect me I'm a stand-up man
I see you laughing when you slam the door
I see you with him I can't take any more

Chorus

I know what you do every night every night
I know what you do when you turn out the light
I see what you do every night every night
And I want you to do it to me

Come to your senses baby
Don't hold out
Someday you'll want me don't act so proud
We've got a mutual circumstance
Come on, hold on, give me a chance
