One look and you know she's trouble
Ruby red lips and flashing eyes
Can't resist, you just gotta have her
Ooh it's a feeling that you can't disguise
You're booked on a one way ticket
I can tell you that you're going nowhere
She's a drug and you're not gonna kick it
Heartbreak city, she'll take you there

I know I've been here before
I read the script, I know the score
There's no rules, she plays her own game
She's a real heartbreaker and she brings on the rain

Rain (falling from the skies, falling from your eyes)
Rain (falling from the skies, falling from your eyes)

Thunder, can't you hear it crashing?
Storm clouds are waiting for you up ahead
Lightning, can't you see it flashing?
You haven't listened to a word I've said

Rain (falling from the skies, falling from your eyes)
Rain (falling from the skies, falling from your eyes)
Rain (falling from the skies, falling from your eyes)
Rain (falling from the skies, falling from your eyes)

Rain (falling from the skies, falling from your eyes)
Rain (falling from the skies, falling from your eyes)
Rain (She's a real heartbreaker, a heartbreaker)
Rain (falling from the skies, falling from your eyes)
