"Honest Men"

We're just a stone's throw
From Burning Hellfire
Does anybody know,
Where did all the heroes go?
We've had our fill of
This gallery of scoundrels,
The leaders of the world,
Those power hungry liars

Rise up and sound the sirens,
Send out the searching powers,
All we need is a few good men
Send the S.O.S. and red alerts
All across the universe
Calling your honest men?
S.O.S. emergency,
Sinking fast and getting worse.

Where's your honest men?
In some village, far away,
Or in a little town pub.
High on a mountain top
There must be an honest man
Calling all honest men

Throw out the tyrants,
The aged fat cats
Outlived their usefulness
They have led us to this mess
Make them answer,
Hold them to their promises,
And throw them in the street
If they won't tell the truth

S.O.S. and red alert
All across the universe,
Calling all honest men
S.O.S. emergency,
Sinking fast and getting worse,
Where's your honest men?
To your stations,

Man the ramparts,
The barricades
We need new heroes urgently

We need a few good honest men
Calling all honest men
Calling all honest men
Call to him
He lives next door,
Across the street
On the upper floor.

It's our only hope we need him now
Send the S.O.S. and red alert,
All across the universe,
Calling all honest men
S.O.S. emergency,
Sinking fast and getting worse,
Where's your honest men
Strike a blow,
Save the ship,
We need a few good honest men
Calling all honest men
Calling all honest men
Calling all honest men
S.O.S. across the universe
Where's your honest
We need your honest
Calling all honest men

Calling out all over the world,
Where's your honest men
Looking out all over the world,
We need your honest men
