Hey, you have become what you see
Hey, you are you the thug that's on TV
Feeling indestructible or just unaccountable
So your life's unlivable, Enough is enough
Why can't you leave us all alone
Why do you hurt, hurt your own
Cinematic superthug
Seems your the only one, that you are thinking of
Cinematic Superthug
Seems your the only one, that you are thinking of
Hey, you, I think it's time you learn
Hey, you, your soul will burn
With no remorse for what you do
I won't live in fear of you
I said, Hey, you, do you feel like I do
Why can't you leave us all alone
Why do you hurt, hurt your own
Cinematic superthug
Seems your the only one, that you are thinking of
Cinematic Superthug
Seems your the only one, that you are thinking of
Cinematic Superthug
Cinematic Superthug
Cinematic Superthug
Cinematic Superthug
