VERSE1:

This is the story on how we lived.
The glory of what we did.
It started when we were kids.
With music up in our heads.
She said.

I've been out on the edge.
Breathin a little bit of fresh air.
Big dreams, I took a chance.
Held out for everything I've got here.

I've been feeling this life's a circus.
Hanging on without a fear.

CHORUS: Livin in a high wire.
Runnin through a wildfire.
You can't shake me, I'm not going nowhere.
Walking on a tight road.
No net, high hopes.
Step back, I'm gonna make it over.

Na na na na na na na na na.
Livin on a high wire.
Na na na na na na na na na.
Livin on a high wire.

VERSE2: This is the story on how we lived.
The glory of what we did.
It started when we were kids.
With the music up in our heads.
She said.

Big top, turning around, no clowns.
I'm running as I hit the ground.
Front row, big show is sold out.
So I'm ready for the crowd roar, let's go.

I've been feeling this life's a circus.
Hangin on without a fear.

CHORUS X1

BRIDGE:

When it comes to the beat.
Seeing that the heads are moving.
Move off your seat.
Achievement is what we're really doing.
Freedom of speech.
I'm in it just to win it.
I'm springin and I can see it.
In the end that you can be it.
Cause it's patience, it's statements.
Famous greatnous.
Movin til you make it through
And maybe you can make it too.

CHORUS:

Livin on a high wire
You can't shake me, I'm not going nowhere
Walking on a tight road
No net, High hopes
Step back, I'm gonna make it over
Na na na na na na na na
Livin on a high wire
Na na na na na na na na
Livin on a high wire yeah, yeah
On top, baby
We looking, we lookin, we lookin down now
Livin on a high wire
