You say:

Lady of my life, lady of my life won't you follow me?

You say:

lady of my life, lady of my life take my hand

You say:

lady of my life, lady of my life you are everything

You say:

lady of my life, lady of my life I love you

How I enjoy every minute that i spend with you

How I enjoy every word that you have written

I somehow seem to forget over and over that you are  
there

but still

You say:

Lady of my life, lady of my life won't you follow me?

You say:

lady of my life, lady of my life take my hand

You say:

lady of my life, lady of my life you are everything

You say:

lady of my life, lady of my life I love you

there have been days, there have been years

someone says it always will

there have been moments, even though that I'm still  
young

I build walls with happiness, I build walls with pain  
and with things be on my understanding

But through all of that

You say:

Lady of my life, lady of my life won't you follow me?

You say:

lady of my life, lady of my life take my hand

You say:

lady of my life, lady of my life you are everything

You say:

lady of my life, lady of my life I love you
