Don't come, don't come, don't come, don't come

Don't come, don't come, don't come, don't come

Living here in Babylon is, oh so difficult
I really don't know what to do
Think I'll go to Africa, maybe Ethiopia
I really hope that you'll come too

(I hear a little voice, it says ...)
Don't come, don't come, don't come, don't come

Last saturday night, had a fight with my baby
I don't think I'll see her again
She never said no
But she always said maybe
And that's no way to treat a friend

(I hear a little voice, it says...)
Don't come, don't come, don't come (over), don't come
(right)

Don't come, don't come, don't come (don't come no
more), don't come.
