[Lil' Wayne]

They call me the youngest headbuster walkin'
Thugged out in all black, calicole sparklin'
A guerilla till I die bless me when I'm dead
But for the bread I bring ya anybody head
That's how I play it I don't hold back
I tote gats be on the spot were ya sold crack
Nigga feel played then ya fuckin get blown back
I burn 'em twice with a black rusty old mac
Now BLOCKA nigga get off me

[Juvenile]

Get some off that cocky weed and roll that bitch up
Won't play with me like I'ma choke that bitch up
Keep it on the turf I might be killin' to get mine
New prints on the back I make a million in big time
I'll always be a thug until I'm crippled and crazy
I'ma always stay close with Suga Slim, Wayne and Baby
Runnin' with a team off cut-throats and backshots
All day bullshittin neglagince and homicides

[Turk and Noreaga]

Cash Money niggas they don't play that shit
Thugged Out niggas we don't play that shit

[Noreaga]

Yo I rock silk
You see NORE I pop quilts
I'm old school but still in tha game like Scott Billups
Yeah you came short
And plus tha case I faught
I had tha judge and tha DA both my boys
I'm a changed man speak to tha ghost of my pops
I bling bling on stage nigga gangstas watch
Thugged Out Cash Money fuck tha cops
Thugged Out Cash Money will take yo watch

[Capone]

Now she what y'all possessed me to do
I squeeze siamese guns
Turn niggas vegetables

My life is ghetto
Half of y'all spittin a lie in front of tha judge like 25
nahhh
Imma turn to tha street cut him near tha corner
Blood in his eyes, yellow tape, cameras and reporters
So many years had me stuck in tha cage
Hate me now wish I was gone so they could buck at my
grave

Chorus

[Musalini]
From N-Y to N-O Thugged Out and Cash Money
