So what if life's a bitch  
Spread her lips and fuck her  
till her mother has a miscarriage  
and we never exist  
Letter to the editor  
wish it was better than this  
Forever resist settling for the message  
or the medicine's grip  
Put up a fist, refuse to enlist  
We reminisce in the mist with a knife to wrist  
Slice the rich, fight the fake righteousness  
Life's a risk, fuck it I'm a light the wick  
Throw a molotov at a cop hauling off  
Speeding up the freeway to the sprawling mob  
DDay for the falling off  
Calling shots, rotten cause  
Never good enough to rob  
Guilty until proven not  
Victimizing is their job  
Right wing racists give the props  
Propoanda built to wash  
Countries white with hateful flaws  
Systematic hate enforced  
peace activists take the loss  
Countdown to the martial law  
rrrrrrat fire down your doors  
While the president applauds

----

We didn't start the fire  
But we supplied the gasoline  
to burn this mother fucker higher  
It's time to expose the liars  
Selling their stock before it drops  
and they're forced to retire

We didn't start the fire  
But we supplied the gasoline  
to burn this mother fucker higher  
It's time to expose the liars

Selling their stock before it drops  
and there's no survivors

----

Black clouds surround  
When I write this down  
Cities and towns pity resounds  
victory sounds like fifty fifty thousand pound  
hydrogen rounds  
Hitting the ground  
splitting the fire that crowns  
the violence we've found  
Try to be down so fucking hard praise god  
Raise your guard before  
the blaze scars today's flaws  
Create wars to sedate the doubt that we regard  
As a threat behind the debt without cause  
Enforced until we're lost in the land of divorce  
Off course towards the apocalyptic source  
With no remorse for the fourth  
that never get the reward  
Sticking the sword in their backs  
saying it's for the lord  
Rocking truth as a toxic youth  
Stalking proof lost in exhausting views  
Cut the salute duck em  
and shoot buckle the noose  
Around the neck of what you abuse  
and strut your motherfucking excuse
