When i think about you all i do is smile.  
When i say your name i can't help,  
This peace that flows through me.

Everything i do is all about you.  
How i got through life without you,  
Is impossible for me to see.

Oh can't you see,  
All you mean to me?  
I could search the whole world through,  
But no one fits me perfectly.

I lost you once al long, long time ago.  
I let you go, though it was,  
The hardest thing i've ever done.

But fate was sweet, she led you back to me.  
And all i want is to lay with you,  
Til the rising of the sun.

O can't you see,  
All you mean to me?  
I have searched the whole world through,  
but no other fits me perfectly.
