I saw that look of love in your eyes  
I felt the fear close mine  
No more romances with broken hearts  
For what I swore was a lifetime

I'd rather take care of myself before  
My thoughts of getting involved  
But when temptation stared me down  
All of the complex was solved

You know that  
I don't want to fall in love but

I guess there's something about you, oh, oh  
Oh, yeah, there's something about you, um  
You know there's something about you  
And I can't let you go

Oh, my conscience whispers dirty words  
Says you've been hungry too long  
You've got to feed the heart that's lonely  
If you're to make it strong

You know that  
I don't want to fall in love, but

I guess there's something about you, oh, oh  
Oh, yeah, there's something about you, ooh, oh  
You know there's something about you, oh  
And I can't let you go, oh, oh, ho

Um, oh

Now that you're here, don't ever leave me  
'Cause I committed myself  
I've overcome all my doubts and fears  
Now I don't want no one else

I guess there's something about you, oh, oh  
Oh, yeah, there's something about you  
You know there's something about you, oh, oh  
Oh, yeah, there's something about you

Something about, something about  
Something about you, oh, oh  
I guess there's something about you

Something about, something about  
Something about you, oh, oh  
I guess there's something about you  
(Whoa, whoa, whoa, ooh)

I guess there's something about you  
Oh, yeah, there's something about you  
I guess there's something about you  
Oh, yeah, there's something about you  
( 'Bout you)

You know there's something about  
I guess there's something about you  
Oh, yeah, there's something about you  
You know there's something about
