You look so sorry, please tell me what's wrong
Just what are you thinking, you look so forlorn
Maybe you're thinking that I have been untrue
So let me assure you and tell you the truth

I'm not one to fool around
The mistake that I made
Was not meant to hurt you
I needed somehow to try and find out
How I really felt inside and I know I'm

Still in love, still in love
I'm gonna be all you want me to be
'Cause I'm still in love, oh, still in love
I'm gonna do all you want me to do

Ask me no questions, I'll tell you no lies
It's something that happened in which I can't disguise
I needed somebody to take me away
From feelings of doubt which in my mind delay

But you've always been the one
And there are days when I know
I should have told you
Don't make me cry 'cause I'm gonna try
To make you believe in me and you know I'm

Still in love, I'm so still in love
I'm gonna be all you want me to be
'Cause I'm still in love, I'm still in love
I'm gonna do all you want me to do

Still in love, still in love
Still in love, still in love
Still in love
Still in love, still in love, oh

Oh, you must be the one for me
'Cause as hard as I try I just can't let you go
So that you know, please, please don't go
'Cause you're all, you're all that I need and I know I'm

Still in love, I'm still in love
I'm gonna be all you want me to be
'Cause I'm still in love, I'm still in love
I'm gonna do all you want me to do

Still in love, still in love, still in love, oh
I'm gonna be all you want me to be
I'm still in love, I'm still in love
I'm gonna do all you want me to do
