Love me

Just a little bit longer

Love me

I remember times my love

When we really had it all

You were always there to make me smile

To help me when I fall

Ooo I can't believe you're leaving me

When there's so much more to say

I can't let you go

Ooo Every time I look at you,

I still can feel the glow

Let it be, let it grow

Ooo Love me, please

Just a little bit longer

Together, we can make it

Our love is much too young to break it

Love me please,

Just a little bit harder

Together we can make it

Our love is much too young to break it.

Oh all I ever wanted was  
To have you to myself  
Then I see you standing there  
In the arms of someone else  
Ooo You know a girl can stand so much  
and it's more than I can fake  
I can't let you go  
Ooo every time I look at you  
I still can feel the glow  
Let it be, let it grow  
Ooo Love me, please  
Just a little bit longer  
Together, we can make it  
Our love is much  
Too young to break it  
Love me, please  
Just a little bit harder  
Never even tried to see things my way  
It's hard on a woman  
When love ain't no love at all  
And When you walk away  
From me baby you're gonna be sorry  
I'm begging you please  
Love me, please love me, love me  
Just a little bit longer

Together we can make it

Our love is much too young to break it

Love me, please just a little bit harder

Just a little bit harder (just a little bit harder)

Together we can make it

Our love is much too young to break it

Love me, please just a little bit longer
