[Intro - Aaron Hall - singing]

Girl, hey baby, girl  
(I like), girl, hey  
(I like), oh I like ya baby  
(I like) oh, hey baby  
(I like), girl

[Verse 1 - Loon]

Check it out  
Yo there's a reason I like you  
And there's a reason I wifed you  
Cause I never seen nothin like you  
So sweet my team even like you  
There's no limit to the things that I might do  
And that's why you stay in the finest  
Everything major, never in the minors  
We dine on yachts, far from them diners  
I'm by your side, far from behind ya  
And I ain't gotta buy cars to remind ya  
Gas you up, put your heart in the grinder  
You don't know what you mean to me, girl  
Cause you more like a queen to me  
And, I just want you to cling to me  
Cause you came and you changed my scenery  
It was just like a dream to me  
That's what it seemed to be  
You need a ring it's not a thing to me  
Cause I bet ..

[Chorus - Aaron Hall]

(I like) The things you do to me  
(I like) It brings out ecstasy  
(I like) You've really turned me on  
(I like) I like the way  
The feelings, good things from you

[Break - Aaron Hall]

Girl you are my lover  
When I'm with you, there is no other  
A spell you got me under  
Please don't you leave, I'm on my hands and knees

[Verse 2 - Loon]

Uh, and now I'm back by popular demand  
Rocks is in your hand, so let 'em know girl you got a  
man  
Even though you know, I got a lotta fans  
See me in the club with them bottles in my hand  
Models on the side, try to holla if they can  
Get a nigga home, try to swallow if they can  
But you know they can't holla at your man  
I'm focused, so they can't bother with our plans  
White sand, we done did that  
London did that, Saint Tropez we done did that  
Went to Sydney and dropped dough  
Trips to Morrocco, Paris popped more, we did that  
So ain't nothin else left to do  
But spend the rest of my life and invest in you  
I know them haters be testin you  
But don't let nobody stress you boo  
You know they like that

[Chorus] - w/ ad libs

[Verse 3 - Loon]

Aiyyo, now that we made our bond  
It might sound crazy ma, but it's time to get our baby  
on  
It's time to get a life together, cause you gon' be my  
wife forever  
Cause I made up my mind, it's crazy at times  
Envisions of you and a baby of mine  
With half the hassle, livin in half a castle  
There's no way that I could pass you up  
Blessed to have you, pain that I loved done last  
through  
Can't nothin in the world surpass you  
I have to ask you, please be my only girl  
I can't breathe in this lonely world  
Cause I'm often hounded, concerts surrounded  
By chicks that think Loon is astoundin  
But without you ma, Loon won't be grounded  
Loon would be runnin 'round clownin

[Chorus] - w/ ad libs

[Break - Aaron Hall]

(I like) I like the way you wear your hair  
(I like) I like the stylish clothes you wear  
(I like) When you kiss me I feel warm  
(I like) Give me all you lovin all night long

[Chorus] - until fade
