### Verse 1

A day, like any other  
I can taste her warm kiss of summer  
In a flash it comes  
So fast and so strong  
Is this the last ride with you?

### Chorus

Brace yourself, here come the angels  
Brace yourself here come the angels  
All the moments of my life,  
Flashing right before my eyes,  
Save the ending  
Brace yourself, here come the angels

### Verse 2

Control is oh so fleeting  
Letting go, I found the meaning  
In a flash it comes  
So fast and so strong  
Is this the last ride with you?

### Chorus

Brace yourself, here come the angels  
Brace yourself, here come the angels  
All the moments of my life,  
Flashing right before my eyes  
Save the ending  
Brace yourself, here come the angels

### Bridge

A second chance today,  
Dont let it get away,  
Wont be another one  
I finally found the meaning,  
A Second chance to make  
And now I see the day,  
Different from the other ones

### Chorus

Brace yourself, here come the angels,

Brace yourself, here come the angels,  
All the moments my life,  
Flashing right before my eyes,  
Save the ending  
Brace yourself , here come the angels

All the moments of my life,  
Flashing right before my eyes  
Save the ending
