Can we try again,
To start a new a lovely story that will shine a ray of
light,
Upon our hearts that will bring back long lost glory,
Of how it used to be,
Baby you and me,
Convinced we were each other's destiny,

My heart cries out to you, you must forget me
I've been dancing in the dark
I've been searching for a spark
The fires still burning

I believe we'll make it through
If you stand by me
We can weather any storm
We can keep each other warm
As long as there's love

Every time I think of us
My eyes are filled with tears to think that
I gave into sweet temptation
With words that like music to my ears
I hope it's not too late
But ur still awake
Proves to me that your still having faith

My heart cries out to you, you must forget me
I've been dancing in the dark
Been searching for a spark
The fires still burning

I believe we'll make it through
If you stand by me
We can weather any storm
We can keep each other warm
As long as there's love

HmmmmmmHHmmmmmmmmmm
Faith is not mine ,and if I could I'd unturn the hands of
time

My heart cries out to you, you must forget me
I've been dancing in the dark
I've been searching for a spark
I believe we will make it through
If you stand by me
We can weather any storm
We can keep each other warm
As long as there's love
Never in love, in love
