[Lil Wayne:]

Love is the party, my heart is such a disco ball  
She's inline waiting  
My guestlist too long  
I told her I would love her  
Lover her as forever  
Forever's just a word  
I put words together  
Stepping on the stars, she pause and I know that  
One day this show will end, applause  
The strobe lights are dancing  
We've taken all the chances  
She question what we are  
And I'll drink to the answer cause  
My heart is out of service  
My eyes turn black  
I don't see love anymore I'm blind to the feet  
I got the World in my pocket cause I ain't tryna drop it  
The sky is at my neck, so I turn up my collar  
My world spin around her  
Cause it's a whirl without her

When you know, like I know  
When the sunlight falls down  
There she goes

Strobe lights dance with the stars  
And I just can't live without her  
And she know what she knows  
And the rain is coming down  
My heart is closed, I know she knows

Strobe lights dance with the stars  
And I always take my time

And when the lights fade  
The lights they turn grey  
B\*tch you don't love me no more  
I'm at the end babe  
Going the wrong way  
And I don't know where to go

I'm on a new way  
Tomorrows too late  
B\*tch you don't love me more  
You got me standing on the verge

[Lil Wayne:]  
Love create wars,  
I got wounds and scars  
The strobe lights are dancing  
Dancing with the stars  
But what happened to ours  
What happened because  
The rain is coming down  
Now we trapped in the storm  
I step right out of her spotlight  
And into the strobe lights  
I don't need your light

I know, I know, I know  
That you're no good  
I know, I know, I know  
That you make me, come back for more  
Come back for more  
Everytime I try, I can't get away  
I know the love is gone tomorrow  
And the lights they fade away  
Your lies  
You keep beggin' me, begging me  
Please don't go

And when the lights fade  
The lights they turn grey  
B\*tch you don't love me no more  
I'm at the end babe  
Going the wrong way  
And I don't know where to go  
I'm on a new way  
Tomorrow's too late  
B\*tch you don't love me more  
You got me standing on the verge
