### "Convenient Parking"

Visit "[Convenient Parking](#)" on MotoLyrics.com

Soon the chain reaction started in the parking lot  
Waiting to bleed onto the big streets that bleed out  
onto the highways  
And off to others cities built to store and sell these  
rocks  
Well aren't you feeling real dirty sitting in the parking  
lot

Soon the chain reaction started in the parking lot  
Waiting to bleed onto the big streets that bleed out  
onto the highways  
And off to others cities built to store and sell these  
rocks  
Well aren't you feeling real dirty sitting in the parking  
lot  
Convenient parking is way back  
Convenient parking is way back

Waiting to bleed onto the big streets that bleed out  
onto the highways  
And off to other cities built to store and sell these rocks  
Well aren't you feeling real dirty sitting in the car with  
nothing  
Waiting to bleed onto the big streets that bleed out  
onto the highways  
And off to other cities built to store and sell there's  
nothing  
Convenient parking is way back, way back  
Convenient parking is way back, way back
