You've painted a Picture
There I saw you scream
Smashed down by demons
Caught in an endless dream

Alone in the dark
When they tried to catch you
You cried an eternity
And slowly your world disappeared

They started to hurt you
But you tried to escape
And you started to whine
When they stole your tears

So you finally died...

Locked in your world
Will it always be like this
Fading colours
And a dying wish

Please whisper a word
And remember when you laughed
If you don't that's okay
You don't need to be tough

The memory plays a song
But where do you belong
The melody lingers on
And plays a silent song
