You are all i can remember
after all that we've been through, forever in my heart
now i know
and june is like november
so I can't believe it's true
so long we've been apart

one more night i wanne be with you
where i wanne hold you tight it feels so right tonight
so i'll leave it up to you
i think the time is right to stop the fight
one more night
i wanne be with you
where i wanne hold you tight it feels so right tonight
i'll leave it up to you
and i think the time is right to stop the fight

why cant't true love be forever
why did my dream exploded
the day you went away
cause i will keep us together
i wish you well of hope
you wrote me yesterday

one more night i wanne be with you
where i wanne hold you tight it feels so right tonight
so i'll leave it up to you
i think the time is right to stop the fight
one more night
i wanne be with you
where i wanne hold you tight it feels so right tonight
i'll leave it up to you
and i think the time is right to stop the fight
