Written in the stars (Elton John and Leeann Rimes)

I am here to tell you we can never meet again  
simple really - isn't it  
a word or two and then  
a lifetime of not knowing where or how or why or when  
you think of me or speak of me  
or wonder what befell  
the someone you once loved so long ago so well

Never wonder what I feel as living shuffles by  
you don't have to ask me  
and I do not reply  
Every moment in my life from now until I die  
I will think or dream of you and fail to understand  
how the perfect love can be confounded out of hand

Is it written in the stars  
are we paying for some crime  
Is that all that we are good for  
just a stretch of mortal time  
Is this God's experiment  
In which we have no say  
In which we live in paradise  
but only for the day.

Nothing can be altered oh there's nothing to decide  
no escape, no change of heart, nor any place to hide

You are all I'll ever want  
but this I am denied  
Sometimes in my darkest thoughts I wish I never  
learned what it is to be in love  
and have that love returned.

Is it written in the stars  
are we paying for some crime  
Is that all that we are good for  
just a stretch of mortal time  
Is this God's experiment  
In which we have no say

In which we live in paradise  
but only for the day.
