Because i'm dying on my own out here  
but it doest even matter  
Because you dont wanna die alone out here  
But it doesnt even matter  
You say i'm nothing but a broken man  
But it doesnt even matter any more

CHORUS

Why do we  
All fall apart  
I guess it doesnt even matter  
How did we fall down so far?  
I guess it doesnt even matter any more

Becuae your dying on your own out here  
but it doest even matter  
Because you dont wanna die alone out here  
but it doest even matter  
you see your nothing but a lonely man  
But it doesnt even matter any more

CHORUS

Why do we  
All fall apart  
I guess it doesnt even matter  
How did we fall down so far?  
I guess it doesnt even matter any more

Take me somewhere peaceful where i can live in peace  
(times2)

CHORUS

Why do we  
All fall apart  
I guess it doesnt even matter  
How did we fall down so far?  
I guess it doesnt even matter any more
