loosen the pants zip down
loosen your mind shit down
hang flang make it flow
it'll slide down below

its far to big to fit down that pipe
just chop it up and scoop it out
release the gasses release the gassess
learnt another lesson each day to day

pain as it slides down your colon
slipping through the crack
making its mark where ever it goes
the skidmark is back
its far to big to fit down that pipe
just chop it up and scoop it out
release the gasses release the gassess
learnt another lesson each day to day
