[Al Skratch]  
From the fiery pits of hell, it's the rap rebel  
Ten years underground, sublevel with the devil  
Brothers wanna know, can Al get busy  
Honies wanna know, can Ill get busy  
I'll tell you now with the bang boom pow  
Don't sleep, on the deep type creep wit' me style  
Get with this, as you chill with that  
I do the zig-a-zig with my nig Big Ill the Mack in fact  
I won't stop as I blow up the spot  
Nobody move, nobody get shot  
Anyway niggaz who disobey I spray  
I'm doin it up the \_Carlito's Way\_  
Hold up a sec, as I check for my papers  
Honies catch the vapors leavin major flavors on my  
pager  
Ill the Mack got my back, I got his  
Real niggaz.. know what time it is

Chorus: Al Skratch {continuing sing-song}
