VERS:

Love is around us baby, all the time
And it's so hard to know that you're no longer mine.
And sometimes baby when I think of you
I think of all the hard times that we went through.
Do you remember the times when all we did was to cry
Sick and tired of you said to me. "Get away, goodbye."

REF:

I can't handle my life without you
I can do whatever you want me to
All I wanna do
Is to be with you

VERS 2:

Do you still love me like you used to do?
Do you think I'm the right one, the one for you?
Please forgive me for all the things I said.
Cause I can't stop thinking of you, you're always in my
head!
Do you remember the first time I said "I love you."
Cause I can hardly forget your answer "I love you to."

REF:

I can't handle my life without you
I can do whatever you want me to
All I wanna do
Is to be with you
