My jeans are ripped  
My boots are dry and muddy  
You can tell that I drink beer and not champagne  
I'm the kind of girl that likes to keep things simple  
I've never longed for fortune or fame

My best friend is my dog  
Not a diamond  
Diamonds don't snuggle up to you when you cry  
And I don't like the thought of being brought  
A girl in love is something you can't buy

Yeah I'm happy just the way things are boy  
There's not much more that I need

A dry land crop doesn't need a lot of rain  
A shower now and then will get it through  
And in a way I am like that baron bit of land  
All I need is a rain drop from you

So cancel those dinner reservations  
Instead let's take the dogs down to the creek

We'll pack a picnic lunch  
We'll lie there in the sun  
What a perfect way to end a working week

Yeah I'm happy just the way things are boy  
There's not much more that I need

A dry land crop doesn't need a lot of rain  
A shower now and then will get it through  
And in a way I am like that baron bit of land  
All I need is a rain drop from you

A dry land crop doesn't need a lot of rain  
A shower now and then will get it through  
And in a way I am like that baron bit of land  
All I need is a rain drop from you  
All I need is a rain drop from you  
All I need is a rain drop from you
