I wanna hold you when you feel
You need to be held
I wanna love you when it seems like love
is somewhere else

I wanna be your every tomorrow
because today is not enough time
For me to give you all i have to give
Say you'll be mine

verse 1

I wanna be the greatest lover, of your life
I wanna be the last to wish you, good night
I wanna be your first kiss, of every day
I wanna the one that never, walks away

I wanna hold you when you feel
You need to be held
I wanna love you when it seems like love
is somewhere else

I wanna be your every tomorrow
because today is not enough time
For me to give you all i have to give
Say you'll be mine

I wanna be the one you think of, when you smile
I wanna be the one you imagine, when you close your
eyes
I wanna be everything, you need to be
I wanna be your course light, to help you see

I wanna hold you when you feel
You need to be held
I wanna love you when it seems like love
is somewhere else

I wanna be your every tomorrow
because today is not enough time
For me to give you all i have to give
Say you'll be mine
