rain song
so beautiful my dear
overcome

rain song
so beautiful my dear
overcome
drives me crazy...

who can decide?
will i decide?
to set in stone
to split the night that i brave
what words are these?
what words are these?
this thick line greased
i cant see
fingers stain the gold

swing lover

what side you on?
which side you on?
the sullen sneer, the battle cry
hollow victory
which lie do you want?
which lie do you want?
when lines divide, i walk away
blazing sun sets on my back

swing lover

[wait]
i cant despise them, inside them i am
[inside them i am]
i cant despise you, inside you i am

help me god
