So i say, still away  
sleep close my eyes  
an image of your face  
traced in white sand  
underneath undefined, i lay down  
arms outstretched i embrace the fall.  
and all the time i tried  
to let you know  
discomfort comes clearly.

sometimes you see right through me,  
wait  
wait  
you're married to your pain  
you're married to your pain  
you're married to  
although you hit me hard i come back  
the earth cries ease the pain. on the inside  
running behind.  
which one will i face?  
running behind.

my back is turned  
a halo my soul for a while  
and all the times i tried to let you know  
discomfort comes clearly  
when i'll show

\*humming\*  
sometimes you see right through me,  
wait  
wait  
you're married to your pain  
you're married to your pain  
you're married to  
although you hit me hard i come back  
the earth cries ease when i fall, on the inside  
running behind.

which one will i face?  
running behind.  
which one, will i
