All around, I see you're under my skin  
Cruel to say, I've known the best of my life  
Never again to hear the river's song so clear

Everyday's another scene  
The world around and everything for you  
An open door a cauldron of  
Waves rush in through every house for all

So they say another lie, love's a rumor  
But love will die, we're lost and wandering  
Deep in the ocean there lies a wave for you

When you hit the ground, it's hard to speak  
But its who you are a shining star  
Go, tell the millions begin  
We'll run through the fields

The turning of wheels, down with the buildings  
Worlds on your shoulders climb through  
The wasteland, wait for the sky to remind you  
These things are true

Everyday's another scene  
The world around and everything for you  
An open door a cauldron of  
Waves rush in through every house for all

So they say another lie, love's a rumor  
But love will die, we're lost and wandering  
Deep in the ocean there lies a wave for you

When you hit the ground, it's hard to speak  
But its who you are a shining star  
Go, tell the millions begin  
We'll run through the fields

The turning of wheels, down with the buildings  
Worlds on your shoulders, climb through  
The wasteland, wait for the sky to remind you  
These things are true about the day
