when i decided to leave...uh uh
all we do is make up
'n' break up
why don't we wake up and see
if love hurts, it won't work
won't work

let it breathe, breathe(breaaathe oohh)breathe
let it breathe, breathe(breaaathe oohh)breathe
ah ah ahhhh

so what's that supposed to be about baby
why don't you go 'n' stop acting crazy
reminise about the good times baby
you do you think imma gonna go 'n' act shady

so what's that supposed to be about baby
why don't you go 'n' stop acting crazy
reminise about the good times baby
you do you think imma gonna go 'n' act shady

i've seen an angel

from the past life
it's like the colour
that shines in your eyes
i've seen an angel
i dreamed so real
gonna lose my mind

i've seen an angel
from the past life
it's like the colour
that shines in your eyes
i've seen an angel
i dreamed so real
gonna lose my mind

i've seen an angel
from the past life
it's like the colour
that shines in your eyes
i've seen an angel
i dreamed so real
now i think i'm falling for you

i've seen an angel
from the past life
it's like the colour
that shines in your eyes
i've seen an angel
i dreamed so real
gonna lose my mind

i've seen an angel
from the past life
it's like the colour
that shines in your eyes
i've seen an angel
i dreamed so real
now i think i'm falling for you
